# Board Makes \$640 Slash In J. C. Budget

## Class Elections Loom Tues.

### SCHUTZ AND FLINN SEEK PRESIDENCY

**Nominations Will Be Made In Regular Assembly Tuesday**  
**Committee Of Service Club Men Select Nominees**

Wayne Flinn, newly-elected grand exalted Bachelor, and Warren Schutz, retiring grand exalted, were first to announce their intention to accept nomination for the presidency of the sophomore class. One of the closest elections in school history is being predicted in the balloting next Tuesday.

Bill Reinhardt, president during the first semester, will preside at a short meeting of the upperclassmen next Tuesday immediately following the Bachelors program and nominations for the officials will be made at that time. A nominating committee, appointed by Reinhardt and composed of seven representatives of the college service clubs, drew up a list of two candidates for each office which will be presented at the meeting and additional nominations will be made from the floor.

Both Flinn and Schutz are well known in the college and are very active in extra-curricular activities. Flinn was re-appointed commissioner of forensics in February while Schutz served as vice-president last semester. Besides sharing the grand exalted positions for the first and second semesters, each was a nominee for president of the Associated Students in the recent election.

Reinhardt pointed out that the president of the class during the second semester is in charge of the committees for graduation and also is called upon to give a speech for the class at commencement.

After the nominations are made in assembly, members of the sophomore class will vote in the Associated Students office during the remainder of the day. The results will be announced exclusively in El Don on Wednesday.

### Initiation Rites Give Two Pledges Of Bachelor Club

Emmett Seacord and Jack Weatherby were humbly wearing their wooden rolling pin, red ribbon and safety pin this week following their first initiation rites into the Brotherhood of Bachelors Monday night at the home of Jac Crawford on Grand Avenue.

The two "scums", who wore green Windsor ties Tuesday on Bachelor Sabbath, will wear their pledge pins for the next six weeks, when the final pledges will be given. Seacord is a football, basketball, track and baseball star from Tustin and Weatherby, who returned to junior college this semester, was prominent in extra-curricular activities at Anaheim.

Plans are being speeded for the Bachelors Ball and it was reported Monday that the Breakers Hotel orchestra of Long Beach, said to be one of the premier bands on the Pacific Coast, will play for the dance to be held at the Lake Norconian club on Saturday, February 28. Everett Idler, chairman of the music committee, completed arrangements for the nine-piece Long Beach group.

Next week will be Bachelors' week and a full program of events has been planned. With the exception of the Ball, the assembly program will be outstanding feature. Everett Idler (Continued on page 4)

### Dunlap Wins Trip Over S. A. For Winning Essay Contest

John "Sky" Dunlap, president of the Associated Students, has been awarded the grand prize for winning the essay contest sponsored by the Santa Ana Airways Ltd., it was made known this morning. The award comprises a trip over the Santa Ana district and coast line in an airplane.

The contest was divided into three divisions, the first to include those submitted by junior high school students, the second, high school students and third, junior college students. All essays were to be written on the subject "Why People are Becoming Air Minded".

According to Harry Merchant, publicity agent for the company, Dunlap's winning essay will be published in the Southern California Airport News.

### W. A. A. Wins Skit Award At Hi-Jinx Program Friday

Awarded a silver cup for having presented the best skit Friday evening at the Hi-Jinx, a program given by and for the Associated Women Students of the college, the W. A. A. will be the first organization to have its name inscribed upon the perpetual trophy.

Fifteen members of the W. A. A. in blackface comprised the chorus, and gave a dance, remaining on the stage while an old mammy danced. Following her dance a trio did the tap dance, "Dixie", and then with her banjo and a group of darkies around her, Agnes McKinstry sang several negro songs.

Five pounds of candy and second place were awarded to the Sisterhood of Spinners for their skit, "The Family Album". Groups formed themselves behind a darkened screen and then appeared, in a series of tableaux. As the past picture, a snapshot of the spinners, they appeared in tan polo coats and berets as they sang their club song.

Third place went to the Moavs with the skit of "Old King Cole". Maybelle Ball acted the part of king as she called for her pipe and bowl. Her attendants gave a clever dance before they were dismissed.

Other skits offered were "Count Twenty's Revenge" by the Las Meninas, "And the Lamp Went Out", a (Continued on page 4)

### Jaysee Print Shop Publishing Books

Thomas E. Williams, print shop instructor, was this week supervising work on the first publication of the Orange County Historical society. The volume will be printed entirely in the college shop as have several other historical writings concerning the early days of the county.

According to Dr. C.D. Paul, president of the society, it will be the aim of the organization to publish yearly some report of its work in the form of a book. It was pointed out that through this periodic publication the historical material will be in permanent form.

The publication this year will be composed of two volumes. The first will contain reports of the society while the second will be written by T.E. Stephenson, author of "Camino Viejos" and postmaster of Santa Ana.

### Two-Hundred Hear Paul Blanshard Lecture On Problems Of Economic World As Annual "Y" Day Speaker

"Many people believe that man must have money as an incentive for work. I believe that the business world will work just as hard for \$20,000 year plus power as two or three million dollars. I further believe that man can be trained not to work for millions," said Paul Blanshard, director of city affairs committee of New York and special lecturer of the League for Industrial Democracy, when he talked before students at the annual "Y" assembly yesterday on "Industrial Democracy and the Machine Age."

In his speech Blanshard frequently drew vivid word pictures of different worlds as various classes of people dreamed of them. He said, "However, in our model world we should dream about social readjustment." He followed by urging a social planning of production. I disagree with the Russian plan of revolution, although the government of Russia has achieved a great deal in its five years of life. I predict that the government of the United States will pass through a stage of revolution in which the whole economic

plan for the nation will be changed."

Deploping the present condition of society in which one extreme is the rich man who spends thousands of dollars on a single night's entertainment, and the other extreme where hungry, unemployed men stand in bread lines, the lecturer declared that such a chasm can be bridged by a process of evolution and planning on the part of intelligent men and women. "I agree with George Bernard Shaw when he says, 'The fundamental ingredient in society is money.' The difference between the poor and the rich is not merit, but money from inheritance, lust, or accident," he continued.

"The British plan of government is a plan of self-respecting insurance. When the workers are employed, a part of their pay goes into a fund from which they can draw approximately \$7 per week when they are not working. The United States has no plan of self-respecting insurance as in other countries. I believe that the United States should recognize unemployment as a thing not to be (Continued on page 4)

### Meninas Pledges Provide Program

Seven new pledges, chosen by Las Meninas, provided hilarious entertainment at the regular meeting, held Monday evening at the home of Agnes McKinstry, 1023 Hickory street. Following a brief business meeting, held by the members, the formal pledgship rites were taken by each pledge, in the softly lighted room. Each pledge was then given pencil and paper, with instructions to write a song for the club. After songs were sung by various authors, each was made to don old clothes, and proceed down to Ketrans cafe where they were put through various antics.

Returning to the McKinstry home, members found a delectable refreshment course awaiting them, while the pledges or "Worms" were forced to kneel in a row on the floor, and firt swallow an appetizer of a cold oyster, before partaking of refreshment. (Continued on page 4)

### Field Trips Planned By Geology 1B Class

Several field trips in geology have been announced by Horace Scott, instructor, for the present semester.

Although no definite dates have been set for excursions, students of the historical geology classes will journey to the museum at Exposition Park, Los Angeles, where they will view the various specimens about which they have been studying, it was announced this week by Scott.

A trip to the Mojave Desert, to study the historical formations there, may follow later, it was learned.

### Longfellows In Meeting Tonight Will Make Plans For Snow Party

Meeting tonight at 7 o'clock in the print shop, members of the Longfellows club will discuss plans for a snow party, elect new officers for the second semester and definitely accept the golf challenge of the faculty.

The advisability of having a snow party in the near future will be discussed in detail and a date will probably be set for a snow frolic. Committees will be appointed by the new president, it was learned from John "Sky" Dunlap, retiring head.

### Fifteen Graduates Leave S. A. College

Fifteen members of the sophomore class completed their first two year's of college work at the end of last semester, according to a recently issued report from the college office.

These graduates, however, will not be awarded their certificates until next June, Mabel Whiting, junior college registrar said.

Those who completed their work are: Virgil Brown, Beth Cosner, Leland Dresser, Abbot Mason, Frank Miles, Rebecca Neddermeyer, Owen Peters, Eric Reinau, Maytie Stilwell, Louise Ward, Lawson Watkins, Margaret Westover, Norman Wood, John Wykes, and Gerald Zolla.

### Tibbetts Sees Gain In Jaysee Classes

Seven students from junior college have enrolled in Charles L. Tibbet's wood shop class for the next semester. His class this semester is larger than usual.

Work carried on in the woodshop is of two distinct classes, mill work for beginning students and lath work for advanced students. In these two courses the students are able to produce projects for themselves or for the school. In the individual projects the student pays just for the cost of the materials used in the project.

The object of the course is to offer practice that includes the fundamentals of cabinet work. Intensifying work in furniture making and finishing which prepares the students for an occupation in this field is given in the advanced class.

### Gauchos Hold First Of Rush Parties At Scott Home

Serving as the first of several rush parties, Las Compania de los Gauchos held an informal gathering for the members and their guests at the home of H. A. Scott last Friday evening.

Cards and various other "get together" games were featured, and an indoor football game, originated and developed by Scott found particular favor with the guests.

Members present were Bob Brown, Elmer Kogler, Max Appleby, Howard Barnes, Cal Stillwell, Rex Woodward, Wilton Hilliard, Frank Mansur, Chuck Stehly, Leclil Slaback, Fred Davis, Cardwell Oglesby, Pete Miller, Tom Donahue, Roy Arms, and the adviser, Horace A. Scott. Donald Edgar, Dante Siracusa, William Fox, Howard Randles and Robert deFree were the pledges present.

### February 25 Set As Date For O. K. Club's Election

New O.K. Club officers will be elected at a meeting of the organization which will be held February 25, at a place to be announced later. After the business meeting a Washington Birthday party will be held.

Membership in the O.K. Club is limited to those students who reside elsewhere than with their parents. Reports show that every state in the Union is represented in the annal of the organization. All students that eligible for membership are urged to join the organization says Helen Mays, secretary.

Meetings of the club are held every month with a party following conclusion of any business which may be on hand. This semester the "Orphans" will handle an issue of "El Don", sponsor the beard-growing contest and the Don and Dona election for the Fiesta.

### Name Maybelle Ball New Art President

Meeting at the home of June Healey on Mountain View Road in Tustin last Thursday evening, the Alpha Tau Tau, junior college art club, elected officers and selected new members to be taken in the organization.

Those elected were Maybelle Ball, president; Goldie Peale, vice-president; and June Healey, secretary-treasurer. Prospects for membership were discussed and the following selected: Doris Boles, Wileta Bozell, George Griffith, Janice Black, Rex Woodward, and Graham Smith.

Following the business meeting, a very interesting chalk talk was given by Virginia Pope. The remainder of the evening was spent in the discussion of art subjects and in the playing of games. Refreshments were served by the hostess, June Healey and her sister, Virginia Forney.

Members of the club present were Virginia Pope, Isabel Johnson, Goldie Peale, Geraldine Cole, Elizabeth Straw, Beatrice Holly, Anna Gilles, faculty advisor and the hostesses June Healey and Virginia Forney.

### RENOVATE SCHOOL LAWN

The school gardener, George Conway, is renovating the main lawn of the campus this week. This work is necessitated yearly due to the lack of enough cold weather to kill the old grass and keep it from matting. A power renovator is used for this work and with it the work can be completed this week if they weather permits.

### SCHOOL MEN MAY AID IN MEETING SUM

**Board of Education May Save Cut in J. C. Budget; Will Back Sports**

### Financial Deficit Caused By Phoenix Game

Drastic cuts in the budget of the Associated Students were ratified Monday by the Executive Board to be deducted in the event that the Santa Ana board of education fails to provide necessary reimbursement to the organization for meeting the deficit made through money lost from the Phoenix football game early this term.

Slashes will include \$200 from the social fund and \$50 from the advertising fund. The cuts were made necessary to provide money to meet the football deficit. Threats that the track team would not be organized if any cuts were applied to the track fund, were reported to have been made by the track mentor, A. J. "Bill" Cook. It would be impossible to carry on activities of a track team if any is cut from the already meager allowance for this sport, Cook declared.

The proposed cuts are as follows: social fund: mission play trip (ditch day) \$150; banquet, \$50; total \$200. Miscellaneous: filing cabinet, \$25. Baseball: transportation, \$60; meals, \$20; total \$80. Track: transportation, \$100; meals, \$75; Fresno trip, \$75; total \$250. Miscellaneous sports: transportation, \$15. Tennis: transportation, \$50. Advertising, \$50. Total cut, \$640.

New staff members submitted to the board by Richard Robbins, El Don commissioner, were passed. The new editors are Paul Wright, managing editor; John Crowley, business manager; and Eugene Olsen, circulation manager.

An itemized report will be ready for the executive board at its next meeting of the cost of installing the sophomore class gift, a luminous sign (continued on page 4)

### Jr. Lions Select Pledges In Meet Thursday; Name 7

Displaying articles which he brought back to Santa Ana from his recent round-the-world trip, Willard White, organizer of the Junior Lions, entertained members of this organization Wednesday evening at his home on East Fourth street, the Santa Ana graduate relating interesting experiences which he encountered at various points during his 110-day journey.

The meeting was in form of a "rush party". Cub Ed Meador, vice-president who took charge in the absence of Cub Ray Glesner, who is recovering from an operation at St. Joseph's hospital, introduced the Club's guests, who were Don Harrison, Bill Schooling, Doyle Gilbert, Jim Thompson, Bruce Harbottle, and Ralph White. Each Junior Lion was responsible for the bringing of at least one guest, those not responding to the vice-president's order having a fine of 25 cents imposed upon them.

Willard Minor and Leslie McDonald were in charge of the entertainment Wednesday, while Charles Greenleaf and Paul Wright took care of refreshments. Those present were Ed Meador, Omar Williams, Martin Bowman, Leslie McDonald, Bert Wilkins, Charles Greenleaf, Willard Minor, John Smith, Ralph White, Val Jean McCoy, Paul Wright, members, and guests Don Harrison, Bill Schooling, Dayle Gilbert, Jim Thompson, and Bruce Harbottle. (Continued on page 4)

## EDITORIAL COMMENT

### Student Government

The Don spirit still prevails.

Some weeks ago, the executive board made a request in the form of a ruling that no students smoke on the campus, the boundaries of which, they determined, reached to the middle of adjacent streets.

Whether or not students would cooperate with the board in following the regulation was declared by many to be a test of student government and its relative value to the handling of school problems.

The test during the past weeks has proved not only that that student government is applicable to the more serious problems. If the cooperation continues there will be no reason for putting the problem before the students for voting as to whether they wish faculty supervision or more stringent rules regarding the problem.

### Junior Colleges

It has been reported that some of our time-honored universities have been hitting the junior colleges, apparently ridiculing the idea of them rather than making any specific charges against particular institutions, if sources of information are reliable. Just why this should be done it is difficult to say, for the benefits to be derived from such colleges are manifold, and the institution of them should be lauded rather than criticized.

But there are benefits which the junior college gives. To those who cannot afford to go to far-off places, the opportunity to acquire the first two years of college near home opened a way and means of giving more young people the chance for an education than was possible before.

The benefits are also shared by the full-grown universities, for now they will only harbor the best, not only from the high schools, but those who have weathered the fairly stiff two years in the public junior colleges. These are but a few of the good points in favor of the junior college idea. It appears strange that some would attack an institution which attempts, and quite successfully, to remedy the more outstanding faults with an outworn system of education.—U. C. L. A. Daily Bruin.

### DON TALKIES

Do you think that the junior college is the ideal place should be devoted to preparing students to enter the business world or for entrance into institutions of higher learning?

Harry Motley—I think that the junior college can very nicely do both. It provides an inexpensive, and at the same time a very good, business college education. It also acts as a preparatory school for those who wish to go on to institutions of higher learning. The junior college is a means for preparing students, whether they prefer to start to earn their living in the business world, immediately, or if they want to take up further cultural work.

Val Jean McCoy—As a matter of opinion, I don't think that the junior college should take the place of the business college. The junior college should stick to its original purpose, that of preparing students for institutions of higher learning. It is detrimental to the old college traditions to have the curriculum tainted with so much commercialism.

Katherine Kendall—It is my belief that the junior college, as an institution of learning, should handle both cultural and commercial departments, although I would not like to see the commerce departments become so great as to overshadow the cultural ones. A nice balance, for those who wish to start in the business world without a long college education, and those who are planning to enter technical and professional schools, would

Ada Marie Hendricksen—The junior college should have a diversified curriculum. It should provide higher training in many branches of work. For those who feel that their place is in the field of business, or for those who do not feel that they can afford to pay the high expense of going on to college, the junior college at least should give them an opportunity above the average high school graduate.

Zelma Smith—The junior college was originally more or less a preparatory school for institutions of higher learning. The introduction of too many commercial subjects tends to break down the old college ideas and ideals. Instead of college as a source of cultural attainment it is rapidly becoming a source of commercialism, a means for grasping the almighty dollar.

Tim: "That fellow was an impudent fraud. How did he manage to wheedle money out of you?"

Lizzie: "Oh, he told me such a sad, pitiful tale about his poor wife who is a widow with six little children."

Parson: "Steady now, Sister Brown. Be steady 'till you am thoroughly 'mersed an' you will come up whiter dan snow."

Sister Brown: "Oh, Parson, dat's axin too much. Just a cream color'll do."

## OVER THE EDITOR'S DESK

By Richard Robbins

EVIDENTLY there has been an attempt by certain parties to deprive the Santa Ana junior college of its annual ditch day. It has even been pointed out by some that students cannot afford to miss their assignments for the day.

DITCH DAY is an annual event; it gives the Associated Students an opportunity to stage a social function, thus strengthening cooperation and promoting a better spirit among its members. An organized program with financial backing from the school should prove to be a day spent profitably.

ATTENDANCE at the "Y" day assembly was gratifying. It showed that students are interested in problems of the nation and will support assembly programs of a high class nature.

INSTRUCTORS and students are again finding that it is perilous to even attempt to drive an auto over the parking driveway in back of the "Y" hut. Recent rains have caused large ruts to be worn in the gravel paving. The same condition of the roadway last term nearly caused an automobile accident when an instructor lost control of his car because of the bumps.

THE posters for the Bachelors Ball made by the art department have been posted. The art department has refused to make more of the "cards" for any school function if any are removed of those that have been placed in the halls of the building. Is the school going to suffer from lack of advertising?

## HOCKEY

Hah—she got the bulley—here comes the ball,  
Take it you left inside and get it down the field—  
Watch out—! That fullback is like a wall  
If she hits you you'll think you've been killed.  
'Ray, safe past! Gather in, we've got to get this in the hood  
A drive—Oh, you missed. Too bad.  
Hit it fast—  
Another drive—she's knocked it back—gee, that goalie's good!  
A drive! A goal! Gee, I'm tired and dusty. Game? At last!

## Junior College Credit Discussed

Dr. Charles Jacobs, who is now doing research work on the junior college problem of transferring, appeared before the Junior College section of the Teachers' Institute held in Los Angeles recently. Dr. Jacobs reported on his studies of the Junior College Transfers to State Teachers' Colleges. He found that the three hundred representatives present were very much interested in the topic.

The discussion following the presentation of the data disclosed the fact that there are divergent opinions in respect to transferred credit. One leading Junior College director declared that he couldn't be concerned with how much credit his students received because he recognized that the Teachers' Colleges were professional institutions and could not accept all credit. On the other hand, some Junior College directors regretted very much that certain Teachers' colleges were not as liberal as others in allowing full credit for work done in Junior Colleges.

The sentiment on the whole seemed to be that Dr. Jacobs' proposal was desired—that teachers' colleges can well afford to come to some conclusions as to what subjects prospective teachers college students should take while in junior college. Dr. Jacobs' recommendation was that these conclusions should be reported to the directors of junior colleges, they to advise their prospective teacher college students.

## FIRE AWAY!

Fiery daughter of the sun! Down through the ages these scarlet topped vixens have been changing the destinies of men and nations. History says nothing of the color of Eve's hair but it must have been slightly scarlet to have caused the weakening of Adam to the point where he would eat the forbidden fruit. Helen of Troy with her crimson locks caused ten years of strife and contest all because she ran away with the old king's second cousin who by the way was king of some other country. So as you may readily see the red heads have been causing trouble for a great many years.

The latest menace is Clara Bow, the modern siren of men who is able to do more with one glance than Eve could have done with a whole carload of apples or Helen of Troy could have done with a dozen dozen kings to run away with.

Now Santa Ana junior college is menace with several red heads and it is not known just how they compare with the average run of titian flares but always remember the old saying, "Play with fire and you are almost sure to be burned."

## SUPPOSE!

I sat in the library one day  
And yawned with greatest vim;  
I thought of dear old Rip  
And wished that I were him.  
Suddenly my wish came true,  
I slept for forty years.  
When I awoke all was changed  
And I was filled with fears.  
I walked into the plaza,  
And among the motely crew  
I found my old friend sky-  
Head gardner, true blue.  
I asked in fear about my class,  
The dear old twenty niners;  
Betty Maloney he said is a matron of

A noted orphan home  
Marjery is her chief cook  
And Nelle wields the broom.  
Percy is a model  
At a shop in gay Patee;  
Wayne and Tiney are married.  
Missionaries in China.  
Joe Warner, he thought, invented  
The famous non-break garter,  
Hal Dunham is his partner  
And furnishes him his starter.  
Ada Marie has the headlines  
In all the famous papers;  
'Tis said she shot dear Don  
For cutting foolish capers.  
Sherril Spurgeon runs a shop  
For beauty cultivation;  
Truck Lindsey, he said, is often seen  
At this famous beauty station.  
Ruth Gardner and Grove,  
The last that Sky knew,  
Were running on the S.B. racing track,

Making money slough on slough.  
Paul Bruce is their jockey,  
Chuck Stehly is the groom,  
Teddy Roth cleans the stables,  
They're to be married soon.  
I took my leave of Sky  
And wandered down the street.  
Barnum and Bailey were in town;  
Their signs I chanced to meet.  
Hapes and Higashi were advertized,  
The famous wrestling twins,  
Aggie McKinstry next was billed,  
As the bearded lady grins.  
I swelled with pride at all the things  
My illustrious class-mates have done,  
But, golly, it sure gets me down  
'Cause I'm just a bum.

## BATCHING IT

Four be-spattered walls, decorated with campaign posters, rotogravures, dance-hall advertisements, hanging cushions inscribed with such lines as the following, "Horse's Neck, do you", Australian fans, Hawaiian leis, and a photograph or two, rise from a floor that is littered with orange peelings, cigaret stubs, pieces of paper, tobacco cuds, screw drivers, and pencil shavings.

On top of a heavy oak writing table lie copies of "College Humor", "Screen-land", and "El Don", side by side with three letters, all addressed in different feminine hands, a cigar case, a broken fountain pen, and a couple of ash trays. In the bottom compartment of the same table lies a pile of dusty textbooks, two or three notebooks and a bottle of ink.

Nearby stands a radio, guarded by an insipid looking reading lamp. Its top is covered with dust, a vase filled with a bunch of withered flowers, two pictures and a jar of paste.

Neckties, sweaters, shirts and other miscellaneous articles of wearing apparel adorn the one easy chair in the room. A wicker lounge holds a pile of old newspapers, a broken box and a pair of what are obviously number

## BOOK REVIEW

By Grace Lloyd

Writing with that delightful combination of infectious charm and humor which he is a master, George Weston, author of "The American Marquis", lets us follow the fortunes of old Judge Marblebone, who is the apotheosis of all that is American, from the time he inherits an English title to his return to America, a far wiser man.

The judge, who longs to forget a life of things gone wrong, eagerly grasps his opportunity of becoming a marquis and sails to England, accompanied by his mother, sister, and two daughters. The castle proves to be all that can be desired, but complications arise from the first as to who is to reside over the traditional social rites of the castle entertainments; the sister or the former occupant, Lady Phoebe. However this is only the primary trouble; other tribulations have to be endured, the worst of which is the insolvent state of the inherited fortune which is tied up in land that cannot be sold. Since he hasn't an income, the judge and his dependents have hair-breadth escaped from fearful embarrassments. Nevertheless the Americans are well received and their English friends are forced to change their ideas of Americans.

The judge learns what it means to be an aristocrat with no income and finds it little better than being a justice of the peace with many outstanding bills. He makes his decision and chooses wisely. The Marblebone family is permitted to triumph over former friends and are received with open arms at home after many years of being shouldered aside by the "nouveau-riche."

The tale is one of rollicking fun and provocative situations conjured up in an entertaining style that makes for rapid reading of a book to be read in idle moments.

## FOOLED!

Because one of the students in the first period journalism class of the local junior college paused long enough from taking notes on the lecture to ostentatiously pull a suspiciously shaped bottle out of his hip pocket and then drink long and lustily of the contents, members of the class received a shock that will last them several weeks.

It was so brazenly done that it left the students gasping for breath. Visions of a 24 point headline screaming "Drinking in junior college" came to the imagination, and left the journalists hating their own trade.

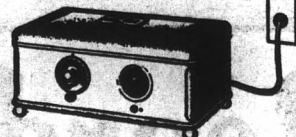

Light was shed on the matter when it was discovered that the student, Eugene Olsen, who is popular at the school as an actor as well as an athlete, journeyed to Newport Harbor high school in the company of Dean Wright, Bob dePre, and Ernest Crozier Phillips, dramatic instructor, to present "Fog", a play recently given in a junior college assembly. A whiskey bottle is one of the properties in the play given in the Harbor high auditorium during the third period.

Glesner Is Removed From Hospital; Report Recovery Being Made Rapidly

Raymond Glesner, president of the Junior Lions and OK Clubs, who has been in the St. Joseph's Hospital for two weeks as a result of an operation, was removed to his home yesterday, according to reports from the hospital. His condition is reported to have improved greatly since last week and it is believed that he has passed the crisis.

## Tuning In

On News Of The Past

Paul Wright—Dialer

### ONE YEAR AGO THIS WEEK

Popular music is chosen by a small margin over drama in an election to determine what type of assembly program is preferred by the Associated Students.

Seven students complete requirements for graduation, according to an announcement made by Mabel Whiting, registrar, and McKee Fisk, dean. They are Clyde Bowman, Smith Griswold, Mary Harlow, Edward McHenry, and Mary Smith, Margaret Tedford and Donald Woodington.

Herman Hoch, El Don writer, interviews T. E. Pickerill, columnist of the Santa Ana Daily Register.

Today's assembly features a pep meeting in the auditorium, and is followed by the election of class officers. Joe Warner, track leader, gives talk. Coach Bill Cook presents varsity football letters.

### TWO YEARS AGO THIS WEEK

Macbeth is chosen as the annual junior college play. Rehearsals are to begin soon.

Announcements reveal that the Santa Ana junior college Algor, yearbook, will cost \$3.00 this year. Those students holding Associated Students tickets will have nothing to pay.

All presidents of Santa Ana junior college organizations meet at Ketter's cafe for the purpose of considering and discussing matters of general interest to all clubs. Those in charge of arrangements are Mary Brunneh, Adelaide Mueller, George Tobias, Keith Trickey, and Willard White.

Marion Bruner and Robert Chapman are the lucky ones in a treasure hunt held at Orange County park.

THREE YEARS AGO THIS WEEK  
"All students who desire credit for outside music must fill in office blanks within the next few days," Dean McKee Fisk says.

Clark Brown, popular jaycee student, discusses the problem of inter-collegiate dances.

John Fitz and Faris Edgar are appointed on an entertainment committee for the annual Y. W. Y. M. mixer.

### FOUR YEARS AGO THIS WEEK

T. E. Williams, of the printing department of the Santa Ana junior college, receives numerous letters of appreciation for the booklet on printing which he has recently published.

Holding W. A. A. elections, the Associated Women Students select the following officers: Muriel Smith, president; Ruth Davis, vice-president; Virginia Powell, secretary; and Charlotte Harnois, treasurer.

An old time, hard time dance, sponsored by the Associated Men students, is given in Andrews gymnasium.

In an effort to develop forensic ability among the junior college students of Southern California, educators announce that an oratorical contest will be held in May.

## Coach Foote's Five Battle Indian Basketeers Tomorrow Night In Last Southern Conference Game of Year

Los Angeles Five Wins Conference Championship With 36 To 28 Win Over Santa Ana; Local Five Give Angels Hard Battle Throughout Game

With only one more chance to break into the win column tomorrow night, Coach Foote's varsity five will meet the Fullerton Indians in their last scheduled game of the season here.

Santa Ana and Fullerton seem evenly matched this season and will not be a set-up for either team.

**Los Angeles Wins**  
The championship hopes of the Los Angeles jaysee were given a scare by the Santa Ana Dons last Saturday at Andrews gym. The Los Angeles Cubs won but only after a fast and thrilling game. The final score was 36 to 28 and clinched the conference championship for the Angels.

Undeclared and playing their last game, the Los Angeles Cubs expected to have an easy time with the last place Santa Ana Dons but they found a stubborn defense and a strong offense. The game was close throughout with the Cubs able to up a lead only in the final minutes.

Starting fast, the Angels ran up eight points before the Dons could score a point. Once started the Dons rang up eleven points, leaving the score eleven to nine in favor of Santa Ana but the Cubs came back and ran the score up to 19 to 13 in their favor at half time. Don Johnson, Hal Dunham, Ellwood Lindley and Emmett Seacord made Santa Ana's points in the first half.

Santa Ana started the second half with a bang to win a 23 to 22 lead. Captain Cohen of Los Angeles, who was high point man for the Cubs, made five points at this juncture and Johnson and Appleby shot a basket apiece for Santa Ana to knot the score at 27-all. In the final minutes Cohen sank two more baskets to put the game on ice for Los Angeles.

The game was a rough affair with both teams fighting hard for the ball. Los Angeles won the game on its free throws, making 10 out of their 12 chances, the Dons made two free throws out of their eight chances.

Don Johnson, who was high point man for Santa Ana, played a good game at guard. Hal Dunham and Ellwood Lindley with six points and seven points respectively shared other offensive honors. Forbes and Cohen were outstanding for Los Angeles scoring 20 points between them.

The lineup:  
Santa Ana (28) (36) Los Angeles  
Dunham (6).....F.....(6) Rice  
Garlock.....F.....(7) Forbes  
Lindley (7).....C.....(6) Miller  
Lindley.....G.....(13) Cohen  
Johnson (8).....G.....Tanagoshi  
Substitutions  
Santa Ana: Appleby (2) for Lind-

## Santa Ana May Have Baseball

Baseball for the Don junior college seemed probable or at least a lot brighter today, as student officials have entered the locals in Southern California junior college conference. Lack of finances nearly cost the Padres all chances for a team but a careful checkup is being made on the college books this week and then the definite status of the sport will be told.

In former years the Dons have been barely able to scrape up enough players for a team but prospects this year are better than they ever were before. More than eighteen candidates have already signified their desire to come out for the team this season.

Pitching will really be the only weak spot on the team but Fulson, Natland, Lindley, and Hilliard are expected to bolster up this department. Fulson and Natland are from Garden Grove; Lindley, Santa Ana; and Hilliard from Huntington Beach.

The infield will probably be made up of Seacord, Wright, Stan and Don Johnson, Fulson, Andres, and Siri-cusa. Outfielders are Whistler, Natland, Sullivan, Van Meter, and Merle Ewell.

## W.A.A. To Be Guests At Chaffey Meet

Hockey and tennis teams of Santa Ana junior college will be the guests of Chaffey junior college March 7, at a play day to be held at that school. Thirteen junior colleges, members of the Women's Athletic Federation, are scheduled to take part in the day's activities.

In the morning, there will be hockey, speedball, and tennis meets. Since speedball is not played at the local school, there will be no team entered for that event. Hockey and tennis games will take place at the same time, and this will weaken the strength of both teams, as those playing hockey will not be able to play tennis.

In the afternoon a clogging contest will be the feature. The Women's Athletic association is planning to enter the same group of young women who so cleverly featured in the W. A. A. hi-jinks. The minstrel show is always well done, and since the contest will be judged on originality, costume, and performance, it is expected that our group will bear a home prize.

ley, Seacord (4) for Garlock, Beatty for Johnson, Higashi for Dunham, Johnson for Beatty, Garlock for Higashi, Lindley for Appleby, for Lindley.

Los Angeles: Drysdale for Rice, Harton (4) for Forbes, Despal for Tanagoshi.

**Scores by Halves**  
Santa Ana.....13 15—28  
Los Angeles.....19 17—36

## SULLY'S SPORT SPOTS!

### DONS LOSE TO CLOTHIERS

Ability to hit the basket from any angle gave the Price Clothiers of Orange, a 47 to 39 victory over Coach Foote's junior college five. Both teams seemed to be on a scoring rampage with Orange having the edge.

Bill Kolkhorst and Harvey Leitchfuss scored the amazing total of 42 points between them. Kolkhorst chalked up 22 digits while Leitchfuss made 20.

Lindley led the local offense with eight digits, while Johnson and Garlock were the shining lights on the defense.

The starting lineup for the clothiers consisted of Kolkhorst, Leitchfuss, forwards; Drews, center; Allen and Price, guards. Santa Ana's starting five consisted of Seacord and Garlock, forwards; Appleby, center; Lindley and Lindsey, guards.

### LOS ANGELES WINS TITLE

By winning six straight games the Los Angeles five won the 1931 conference title. The angel squad finished its season in Santa Ana last Saturday as they draw a bye this week.

Pasadena and Long Beach are tied for second position but will not be for long as they meet at Long Beach Saturday. Santa Ana is still without a league victory but may break in the win column at the expense of Fullerton Saturday.

Standing of the teams are as follows:

### JUNIOR COLLEGE CONFERENCE

	W.	L.	Pct.
Los Angeles	6	0	1000.
Pasadena	4	1	.800
Long Beach	4	1	.800
Compton	2	3	.400
Fullerton	1	4	.200
Glendale	1	4	.200
Santa Ana	0	5	.000

**Saturday's Results**  
Los Angeles 36, Santa Ana 28.  
Pasadena 45, Compton 30.  
Long Beach 40, Fullerton 24.

**Next Saturday's Schedule**  
Fullerton at Santa Ana; Compton at Glendale; Pasadena at Long Beach; Los Angeles, bye.

### COMPTON TRACK FAVORITE

Engrossed with an array of former high school stars and lettermen the Compton cinderpath squad seems to have the best chances to hold the king position. The Tartars were unbeaten in dual competition last year and with the addition of many prep stars this season, it seems probable that they will have another victorious season.

Records of the Compton stars are as follows:

880-yard dash—Alfred Hassen, Harold Hicks and Lloyd Courtney. Hassen has a record of 2:01 seconds.

100 and 220 yard dash—A newcomer by the name of Morales, seems a certain winner in these events with times of 9.8 in the century and 21.9 in the furlong.

Mile run—Wally Aniveh, Jimmy Lawrence, and Johnny Tartar, all are capable of 4 minutes and 30 seconds in this event.

Javelin—Tom Yancey with 198 feet and Eugene Von Breyman with 173 feet ought to rank one, two this season.

High jump—Johnny Sanchez is a star in this event being able to clear six feet consistently.

Pole vault—With a vault of 12 feet to his credit Henyon Smith will be a great.

### ONE GRID CHANGE

NEW YORK, Feb. 16—The football rules committee, headed by E. K. Hall, today reported only change in the present code was decided upon at its week-end meeting in Absecon, N. J. The one change governs penalties occurring during the try for point after touchdown.

Under the old code, if the attacking team committed a foul during the try, the point was forfeited; if the defending team offended, the point was awarded.

The new rule adopted provides that penalties shall be assessed, exactly as in any other play, the defending team to be penalized half the distance to the goal line, or 1 yard, and the offensive team, in case of an off side, moved back 5 yards to its 7-yard line, where it again would make the try.

The action of the committee, in

## Coach Bill Cook's Don Trackmen Travel To Pomona Saturday For Initial Workout Of 1931 Season

Padres to be Strong in 100 and 200 Yard Dashes, 880 Run, Mile, Two Mile, Broad Jump, High Jump And Javelin; Donahue to Captain Locals

Prospects for Santa Ana junior college on the cinderpath this season will soon be told, for Coach "Bill" Cook takes his 1931 track team to Pomona, Saturday, for its initial workout of the year.

The Pomona meet is being held for the first time, and is for the benefit of the Eastern and Western J. C. leagues as well as the Southern California conference. There also will be a few open events for those who want to be unattached. As a whole, the affair ought to be a success as some of the best talent of Southern California will be there.

Rainfall halted several days of practice last week and it is very doubtful if the Dons will be in condition for its meet. Although brief workouts have been held in the gymnasium, they were not as beneficial as the track.

### Donahue is Captain

Tom Donahue will lead the Padres during its campaign this season. Captain Donahue runs both the mile and two mile. His best time in the mile is 4:35, but is expected to make as good as 4:25 this season.

Art Jacques, high jumper, ought to bring a consistent five points for the locals in his favorite event. Jacques won the Coast Preparatory title in 1930 with a jump of 5 feet 11 7-8 inches.

The Dons also ought to be strong in the broad jump this season as Doyle Gilbert has hopped as far as 22 feet six inches.

**100 and 220 Strong**  
Blewitt and Wilkins of Anaheim and Rodrigues, a veteran, should give the locals its share of points in the dashes. The 440 event is in the opposite condition of the dashes as gradu-

not making any general change in the football rules, was in line with the sentiment expressed by the coaches in a questionnaire distributed last fall by Lou Little and by the December convention of the coaches' associations.

Candidates who have reported at the writing are Donahue, Art Jacques, Bert Wilkins, Ervin Watkins, Melvin Beatty, George Blewitt, Doyle Gilbert, Bob Durbin, Don Dresser, and Jac Rodrigues. Others are expected to report later on in the week.

## Los Angeles County Playground Is Scene Of French Club Party

L'Hotel de Rambouillet, French club, enjoyed Saturday, February 14, in the snow at Los Angeles County Playground. The day was spent hiking, snow balling, and dancing.

A delicious picnic lunch was served and all conversation was carried on in French, which was both amusing and beneficial to the students. While going to and from the Playground, songs and plans were a part of the jolly program.

Those making up the gay party were Velma Bishop, Marie Moog, Ruth Brubaker, Helen Norton, Corrine Lecrivain, Julien Lecrivain, Lawrence Haupt, John "Sky" Dunlap, Mr. and Mrs. Leckrain, and Luella Watson, French instructor and club adviser.

## Drama Department Stages "Fog" Play In County Schools

"Fog" by Neebe, declared to be the most successful one-act play of the year has been given by the junior college drama class throughout the semester in different schools of Orange county. One of the most successful performances was given at the Santa Ana Country club, before the Orange County Medical society. There was no stage but it had to be given on the floor level with the audience, very little lighting was allowed by the circumstances.

The play was also given for the Santa Ana high school, junior college and the Newport Harbor high school.

The cast of the play is Robert de-Pre, Shorty; Dean Wright, The Kid; and Eugene Olsen, Dick.

## BOARD MEETING

continued from page one  
board. The cost will be estimated by R. P. Newcomb.

Announcement was made by President John "Sky" Dunlap of the Associated Students that the Fullerton junior college will present a program here March 17, while talent from the Santa Ana student body will be presented to the Fullerton students April 20.

Members of the Associated Students who wish to secure dates for special meetings of campus organizations should either consult the social commissioner George Griffith, or the secretary of the organization, Ada Marie Hendricksen, it was pointed out following the plan to post a social calendar in the student office.

In an itemized report of the past football season, the following interesting facts were revealed:

1—That the total cost for the season was \$2,454.73, only \$25 more than last term.

2—That football gate receipts amounted to \$1,603.91.

3—That the Phoenix football trip cost \$751.68 and that only \$402.86 was received thus leaving a deficit of \$348.82.

4—Total football deficits for the term 2930-31 amounted to \$671.37.

## Clark Announces Publicity Plans

Outlining his advertising activities for the semester, Thomas Clark, newly-elected vice-president of the Associated Students, this week announced that speakers representing the Santa Ana junior college will appear before Orange county high school student bodies outlining the advantages of attending this institution.

## Willard White Gives Talk Before Junior Lions Club

continued from page one  
Following the regular meeting, a special one was held Thursday noon in room 11, where a pledge vote was taken. All guests Wednesday were accepted as pledges; the name of Burt Winslow was added to the list. The seven guests will be pledged at a meeting to be held in the near future, according to the club officials.

**FULLERTON ENTERTAINS**  
Nine members of the local den went to Fullerton Monday evening to attend the District Council meeting there. Fred Wagner, auto racer, was the feature speaker. Each club president was asked to make a short report on what his club had accomplished during the past semester. Cub Meador spoke in behalf of Santa Ana.

## Will Choose Press Club Officers For New Semester Soon

Press club officers for the coming semester will be chosen next week at the regular meeting of the writers' organization, according to John "Sky" Dunlap, president.

Other business before the club is that of deciding which metropolitan newspaper plant its members prefer to visit in the near future. A trip to the Los Angeles Times was made last year and was greatly enjoyed, indicates Edgar M. Flowers, head of the high school and junior college journalism departments.

Retiring officers of the Press club are John Dunlap, Paul Wright, Marjorie Adams, and Gladys Lloyd.

## \$500 In Premiums Offered For Best Essay On "Drink"

A late bulletin from the Intercollegiate prohibition Association announces that there is to be a national Essay contest on the subject of "Alcoholic Drink in Modern Society" open to all undergraduate college students during the academic year of 1930-1931.

The writer of the essay winning highest place in the National contest will be given a prize of \$500 in the form of a trip to Europe, including the International Congress Against Alcoholism at Warsaw, Poland, about September first, 1931.

The contest is open to all bona fide undergraduates enrolled in colleges and universities throughout the country, and is divided into eight interstate areas with \$100 offered as a prize in each. Interstate Area contests will close March 31, and all manuscripts must reach the office of the Intercollegiate Prohibition Association by that date. The National Contest will occur early in May, the winners of the Area Contests to be reported by May 1.

## Phi Rho Pi Frat Men Attend Meet

The annual convention of Phi Rho Pi national forensics fraternity was held at Pasadena junior college Friday and Saturday, the thirteenth and fourteenth of February.

Delegates from all the junior colleges assembled at Pasadena junior college Friday afternoon for a debate between Pasadena junior college and Phoenix junior college. Pasadena gained a decision over Phoenix; the decision according to Sheldon M. Hayden was very close. Mr. Hayden acted in capacity as judge. After the debate the meeting was adjourned until six o'clock that evening.

Friday evening the convention banquet was held at Tea Arbor on Colorado Boulevard. After the banquet the extemporaneous speech contest was held. Mr. Manning of Los Angeles junior college won first place, Mr. Johnson of Phoenix junior college second, and Mr. Lang of Pasadena third. According to Mr. Hayden, Harvey Anderson Santa Ana's representative, gave a very creditable account of himself. The contest was judged by the coaches from each school not ranking his own entrant.

If all the men who have taken student tours to Europe were to be stretched out six feet apart, they would lie.

## Calendar

Wednesday, February 18—  
Spanish club meeting.  
Longfellow club, 7 p. m. in the print shop.  
Saturday, February 21—

Tuesday, February 24—  
Last day for withdrawal from classes.  
Tavern Tattlers.

## ELECTIONS

continued from page one  
lor and Wayne Flinn are working out a novel and highly humorous musical stunt for the assembly, which is also the jazz program of the semester. The numbers will feature both the dance and observation of Washington's birthday. A special edition of El Don will be issued on Wednesday.

Bids for the dance were distributed to the members Monday and may be secured from any Bachelor. Admission is \$1.50 a couple while guest cards are necessary for outside couples or students. The members of the club will hold the semi-annual banquet at the Lake Norconian club preceding the dance, at which time, the new officers will be installed. Warren Schutz, retiring grand exalted, has full charge of the ball.

Following the business meeting Monday, the Bachelors sang songs and put the pledges through their paces. Refreshments of punch and cake were served and the "scums" did kitchen police duty.

## Meninas Pledges Provide Program

Each was then served her course, with a liberal accompaniment of vaseline sandwiches. Refreshments bore the holiday motif of George Washington's birthday, and tiny red hachets were used for place-cards.

Dancing occupied the rest of the evening for members, while dishwashing occupied the time of the pledges.

Members present included the hostess, Miss Mc Kinstry; the advisor, Miss Genevieve Humiston, and Misses Catherine Harwood, Kean Anderson, Esther Romoff, Neva McDonald, Marion Taylor, Lorna Allen, Catherine Walbridge, Juliette Taylor, Florence Stanley, Ruth Gardner, and Miriam Samuelson, and pledges Hazel Hushman, Eugenia Gire, Pricilla Watson, Elsie Hurd, Demaris Sears, Claire Hymer, and Rosalind Schilling.

## Breakfast Clubmen Begin New Semester

Appointment of Bill Crawford to replace Abbott Mason as member of the music committee was announced last Sunday by President Cecil Slaback of the Sunday Morning Breakfast club. Other business consisted of a treasurer's report and a discussion of new members.

Enforcement of the absence rule was also discussed, that is, if any one member is absent twice in succession without an excuse, he will automatically lose his membership. At the present time there are several vacancies which will be filled in the near future, according to Secretary Hookins. Two new members, Bob White and Charlie Greenleaf were accepted at last Sunday's meet.

The school gardener, George Conway, is renovating the main lawn of the campus this week. This work is necessitated yearly due to the lack of enough cold weather to kill the old grass and keep it from matting.

## S. A. COLLEGE HAS STATE'S FINEST DEPT.

### Will Form Gragorian Club For Benefit of S. A. Commercialists

Furnished with the best equipment available, Santa Ana junior college's commercial department is the most up-to-date of its kind in California, according to George B. Holmes, head of commercial activities.

Definite formation of a commercial organization on the campus known as the Gragorian club will take place during the coming week when all students interested in joining such a group will meet at a banquet.

Mr. Holmes revealed that the organization will be formed on bases entirely new to clubs of the school. The new plan will be called an independent federated club with one central committee governing several other smaller bodies. The date of the first meeting will be announced early next week.

Activities for the semester will include a trip to the Firestone Tire Co. plant in Los Angeles and a trip through the Los Angeles Harbor district, as well as the privilege of listening to several commercial authorities including heads of the commercial departments of the University of Southern California.

## Marriage Question Discussion Topic

Continuing with the topic discussions that were started by the Y. M. C. A. last fall under the leadership of Bob Williams, president of the local organization, a group met for the first time this semester last Thursday morning to take up the first of a series of questions on Modern Marriage.

This group was organized to further develop the social spirit among the men of campus and to present questions of timely interest for discussion. Questions relating to religion, international affairs, racial problems, psychology of young people, and sociology have been considered during the course of the meetings.

The problem of Marriage was touched upon last week and will be continued at tomorrow's discussion. Wide differences of opinion were represented, but the general idea that marriage laws should be regulated to the degree of intelligence of the persons effected seemed to prevail. "Trail Marriages" and "Companionate Marriages" were talked about and the conclusion reached that among the masses with a medium amount of intelligence along the lines of social welfare, such a system would only lead to promiscuity. On the other hand, it was pointed out there should be less rigidity in modern laws governing marriage.

Edward Neely, psychology and philosophy instructor, has promised to be present and give some old and new ideas on the subject. The meeting will be held at 11 o'clock in room five.

## Six Girls Given First Rites In Sisterhood Of Spinsters

### Lack Of College Support Here Is Surprise To L. A.

Sponsored by the Santa Ana junior college Press club, an informal dance was held in Andrew's gymnasium Saturday night, following the basketball game between Los Angeles and Santa Ana colleges.

"If it had not been for the support given the affair by the visiting college, the dance would have been unsuccessful," club officials declared. The Santa Ana attendance was said to be far from pleasing and was the source of much discussion by Los Angeles students.

Through the courtesy of the Turner Radio company, a large Philco radio-phonograph combination set was used. Records were furnished by the Foster-Barker company.

Approximately 40 students were present. Chaperones of the affair were Agnes Todd Miller and Edgar M. Flowers, English instructor.

## Dramatists Casting One-Act Production

Ernest Crozier Phillip's drama class has just cast another one-act play called "Submerged". This is a most intense drama of the under seas dealing with a sunken submarine and its crew.

The plot includes the sinking of a submarine during a storm in one hundred fathoms of water, the sounding instrument is broken and no position can be given out. There is a tense drama inside the craft as to what to do to let the outside world know their position. It is finally decided that a man must be sent through the torpedo tube, the only "catch" being that the man sent cannot possibly get to the surface alive. Many interesting and dramatic scenes arise out of these circumstances.

The cast for the play includes Brice, the coward, Dean Wright; Shaw, the dreamer, Mitchell Hookins; McAndrews, the commander, Robert dePre; Nabbs the English cockney, Irvin Cause; Jorgoson the tough, Eugene Olsen.

## HI-JINX

continued from page one  
pantomime by the Y. W. C. A.; "The Housethat Jack Built" by the French club, and a "chalk talk" by the Alpha Rho Taus.

Preceding the entertainment skits, Marian Parsons, president of the A. W. S. was enthroned in a huge chair and presented with flowers from college graduates, girl athletes, and college society girls. Mrs. D. K. Hammond, Mrs. Robert Northross, and Mrs. John Tessmann, judges, were presented with corsages by Miss Parsons.

Following the skits, a dance was given in the gymnasium; girls of the O. K. club served refreshments, and members of the Shea Shell Social club, acting as ushers, were ready to apply torture to any man who might appear.

One ton of news print paper was delivered to the school print shop this week by the Sierra Paper company of Los Angeles. This paper will be used in the publishing of the El Don and the high school weekly, the Generator.

Six girls took the first rites of pledgeship in the Sisterhood of Spinsters at a pledge meeting held at the home of Betty Maloney. New wearers of the "pin cushion" this semester are Aileen Adams, Marjorie Arundell, Bernadine Bender, Iona De Remer, Francis Bowman, and Louise Proctor. After a four weeks' pledgeship they will be officially taken into the organization.

Important plans for the future were made at a short business meeting presided over by Margaret Wilson, newly elected Supreme Spinster. It was decided to make arrangements to sponsor an assembly. A committee was appointed to take charge of the matter. Plans were also made to hold a social event honoring the new pledges. Betty Wiswall was appointed to investigate possibilities of various places. Last semester a dinner dance was held at the Balboa Yacht Club.

The matter of pins was also taken up. Last term a design was selected. Grace Skinner was named chairman to find out if the members wished to adopt pins.

Mary Tood Tate and Mary Isch were hostesses for the affair.

A rush party was held recently to acquaint members with new girls on the campus. Bernice Keller was hostess. Bridge was the diversion of the evening. Decorations carried out the seasonal motif. Guests entertained were Claire Hymer, Iona De Remer, Aileen Adams, Francis Bowman, Bernadine Bender, Louise Proctor, Marjorie Arundell, Isobel Bondley, Eugenia Gire, Marguerite Reafsnider.

## BLANSHARD

continued from page one  
laughed at, but to be taken seriously," stated the speaker.

"Unemployment is caused by bad distribution of buying power. This is also the fundamental cause. One way to do away with unemployment is to shorten the hours for men who do the most monotonous work, and this cannot be done until there is more social control over machines. The most fundamental fact of American industry is that a man who puts his life into an industrial system has nothing to say about the plant, not even to 'kick', I believe in democracy. The feudal control of industry is not fundamentally right."

"In order to remedy these conditions, there are two steps that I might suggest. The first is that the workers must have the right to speak, and to participate. Second, all workers should belong to a union, the employers to an exchange, and they should have an impartial chairman. However, this change too, must come through a process of evolution," the speaker concluded.

An announcement by Wayne Flinn to the effect that Bachelor Week will come next week, with the Bachelor Assembly Tuesday, and the culmination in the annual Bachelor's Ball at the Norconian club was given.

Mr. Beeman: "And what language is spoken in Algeria?"  
Gladys Lloyd: "Algebra, sir."
